General Terms: Coverage maps include planned 2010 coverage, are not a guarantee of coverage and may contain areas with no service. Maps reflect a depiction of predicted and approximate wireless coverage of the ACS Wireless Network and the network of other carriers. The coverage areas shown do not guarantee service availability, and may include locations with limited or no coverage. Even within a coverage area, there are many factors, including a customer's equipment, terrain, and proximity to buildings, foliage, and weather that may impact service. Some of the coverage area includes networks run by other carriers; some of the coverage depicted is based on their information and public sources and ACS cannot ensure its accuracy. Roaming charges will apply in Canada and Lower 49 coverage area unless you subscribe to an ACS Nationwide Plan. **Voice + Texting Coverage:** Voice and text messaging coverage only available in areas indicated and for devices with these capabilities. **Voice + Enhanced Services Coverage:** Text, picture and video messaging and 1xRTT data services coverage available in areas indicated and for devices with these capabilities. 1xRTT data service provides users with typical speeds of 60 – 80 Kbps, capable of bursts up to 144 Kpbs.
